Membership Information

About Your Membership

Your AAA card is issued for your personal use and entitles you to service at any AAA office in the U.S. and Canada. Most services are also available by calling toll free 1-800-722-2616, at your local AAA office or online at AAA.com. Your card is your key to emergency road service — whether you're a driver or passenger in any eligible vehicle.

AAA services are for members only. The AAA membership card covers the individual named on the card. AAA Hoosier Motor Club provides four types of membership.

Membership Options...

Primary Membership

The first membership in a household is called the primary member. Emergency Road Service is available for any vehicle the member is driving or riding in, except those that are hired such as taxis and limousines. Basic membership begins the day dues are paid and is renewed annually.

Associate Membership

Associate memberships are available at a reduced rate to individuals living in the primary member's household. Each associate membership provides the same privileges, benefits and services of a primary membership. Separate membership cards are issued to associates.

Basic

With the entry level membership, Basic members receive standard benefits such as Emergency Road Service, AAA maps and TourBook® guides, insurance coverage, AAA Travel services, member discounts and much more. Eligible vehicles include passenger cars, trucks, SUVs and vans.

Plus

Any current primary member is eligible for Plus, an optional, expanded benefit package that increases Basic

membership coverage for an additional charge. Benefits include extended towing distance, increased locksmith service, extended extricating/wincing service, increased trip interruption protection, increased legal reimbursement protection, and increased travel accident insurance.

Plus RV

Plus RV is an optional benefit for Plus members which extends Plus coverage to the member's recreational vehicle or motorcycle. An RV is considered to be a motor home, truck with camper, travel trailer or camping trailer. RV coverage is an expansion of Plus benefits. Members not currently carrying Plus must purchase this in addition to Plus RV.

Plus Premier

Current primary members are eligible for Plus Premier, which is an optional, ultimate expanded benefits package that increases the Basic and Plus membership coverage for an additional charge. Premier members are eligible for greatly expanded benefits including a free tow of up to 200 miles per membership household, exclusive offerings such as trip interruption reimbursement up to \$1,500, a one-day complimentary rental car benefit per year with an allowable tow as well as home lockout service, increased legal reimbursement protection and much more.

Please be aware that each individual membership, Basic, Plus, Plus RV and Premier, has a maximum of 4 Emergency Road Service (ERS) usage calls per membership year. Additional calls will require payment at the time of service.

When is Plus, Plus RV and Premier Effective?

If Plus, Plus RV and Plus Premier service is added to a membership or purchased with a new membership, there will be a 72 hour waiting period before PLUS services are provided (Basic service is still available immediately).

Expanded benefits and services of these upgrades are printed in red in each relevant section of this handbook.

Gift Membership

Celebrate the special people in your life with a gift that shows you care. AAA memberships make excellent gifts for the holidays, birthdays, graduations, weddings and more! Long after the occasion is over; the recipient will continue to enjoy AAA's 24-hour emergency road service, complete

travel services, exclusive member discounts and more! Gift memberships will be mailed automatically to the recipient unless otherwise specified by the donor.

Conditions of Membership

These situations include but are not limited to; safety risks, acts of aggression, demonstration of weapons, intent to do bodily injury, intimidation, verbal abuse or discriminatory practice. Such actions will not be tolerated and AAA Hoosier Motor Club reserves the right to reasonably choose with whom it will do business.

Automotive Services

Scope of Service...

Emergency Road Service

Emergency Road Service (ERS) is one of AAA Hoosier Motor Club's most valuable services. Roadside assistance is provided by a network of more than 43,000 service vehicles available to assist you 24 hours a day in the U.S. and Canada.

Special Note to Our Members

These ERS guidelines are designed to give the best possible service to the greatest number of members in the fairest and safest manner possible.

To avoid misunderstandings, we urge you to familiarize yourself with the benefits and any limitations which might apply to a particular service you request. Please keep a copy of these policies in the glove compartment of each vehicle driven by a member. Additional copies are available at your local AAA service center or online at AAA.com.

Purpose of Service

Emergency Road Service is designed to aid any member whose vehicle has become unexpectedly disabled and cannot be safely driven under its own power. It is an emergency service only—not a substitute for proper maintenance and repair. The proper care and maintenance of a given vehicle is the individual responsibility of each member. Our intent is to provide service with the safest appropriate equipment.

Each membership has an allotment of four emergency road service calls. In the case of a family with multiple AAA members, the family as a whole shall be entitled to a total of four (4) emergency road service calls per member, per year. Each membership year renewal reestablishes the allowance. In addition to the above criteria, if any family member incurs twelve (12) or more emergency road service calls over a three (3) year period, Hoosier Motor Club reserves the right not to renew that individual's membership or the memberships of that individual's family.

In the event you require more than four Emergency Road Service calls in a membership year, you will be required to pay for service at the time each additional call is rendered at the responding contractors' prevailing rate.

Member Safety

Our foremost concern is safety to our members and service personnel. There may be a request for service that cannot be honored due to potential hazards. Service is provided only if a vehicle can be reached safely and will not be provided until a vehicle is made accessible. Shoveling away snow or removing a vehicle from mud are examples. Some vehicles may be unreachable or inaccessible due to unplowed/icy streets or their location on back roads or driveways.

Covered Vehicles Under Basic, PLUS & Premier:

Four-wheeled motor driven vehicles of the passenger, pleasure, or recreational type (vans), regardless of license plate designation, if those services can be safely delivered;

- Dual-wheel campers/motor homes will be provided all services except towing, extrication/ recovery, and tire service.
- Rented passenger vehicles are eligible for service. Commercial passenger vehicles are eligible for service with the exclusion of taxi cabs and limousines.
- Please Note: The AAA membership is designed for emergency road service situations and not as a convenience or for repair price comparison.

Vehicles Covered Under PLUS RV

- Recreational vehicle, motorcycle, and large dual wheel pickup. Rented passenger vehicles are eligible for service. Commercial passenger vehicles are eligible for service with the exclusion of taxi cabs and limousines.
- Motor homes and campers are defined as manufactured, motor driven vehicles equipped with living accommodations, regardless of curb weight rating, used for noncommercial recreational purposes. (Semi-truck cabs are excluded.)
- Travel trailers are defined as noncommercial trailers equipped with living accommodations. (Includes pop up trailers.)
- Motorcycles are defined as two or three wheel motor driven vehicles, legally licensed for normal roadway use.

Please Note: Boat, horse, livestock, utility/automobile trailers and box trucks are excluded.

Available Benefits

Emergency Road Service personnel are trained professionals who are skilled in providing assistance for members in need of roadside aid. They are not mechanics. Emergency Road Service does not include repair expenses or guarantee that facilities are available for mechanical repair. HMC will assist the member in finding the nearest Approved Auto Repair facility or Approved Body Shop. If repairs are not accessible, Club personnel are available to assist the member in locating lodging and/or alternative transportation if needed. Your AAA membership does not include costs incurred due to mechanical breakdown.

- **Emergency Mechanical First Aid** - Minor adjustments, not requiring parts, will be made in an effort to enable the vehicle to operate under its own power.
- **Battery Service** - The car will be jump-started/battery-boosted. If the vehicle cannot be started, towing service will be provided.

AAA sells and installs quality batteries with a 3-year replacement guarantee upon your request and will perform this service at your location of breakdown. Payment for this mobile service **MUST** be made at the time of service (this service is available in most areas of the U.S. and Canada).

- **Flat Tire Service** - The members' mounted spare will be installed. If the spare is flat, missing or the original tire cannot be removed, the vehicle will be towed.

Important Notice...After installation of a spare tire, you must have the wheel fasteners (lugs, studs or nuts) professionally retorqued (retightened) after 30 miles of driving. Placing a spare tire on the vehicle is only an emergency and temporary repair.

- **Gasoline Delivery Service** - An emergency supply of gasoline will be delivered to the disabled vehicle; enough that will enable the vehicle to return to the nearest fuel supply source. The member will pay for gasoline at current pump prices of the station rendering service. When fuel is not available, the car will be towed. (Note: Due to additional services needed, diesel powered vehicles will be towed.)

Plus, Plus RV & Premier: Extends your basic coverage to include delivery of a limited supply of gasoline, at no cost, to the scene of disablement that will enable the vehicle to reach the nearest fuel supply source.

- **Lock and Key Service** - Lock and key services will be attempted to safely render the eligible vehicle drivable. In some cases, we are unable to make ignition keys due to various circumstances that are outside of our control.

If the key that operates or provides access to the passenger compartment of the vehicle is lost, broken,

or the service provider cannot gain entry, the Club shall provide locksmith service up to \$50, or reimbursement of commercial locksmith service up to \$50. If necessary, the Club also will provide tow service (in accordance with the Club's towing provision).

Plus & Plus RV: extends your basic coverage to provide for reimbursement up to \$100 in parts and labor for locksmith services to vehicles that have become disabled.

Plus Premier: extends Plus coverage to provide for reimbursement up to \$150 in parts and labor for locksmith services to vehicles that have become disabled.

- **Home Lockout**

Plus Premier: If you become locked out of your residence, you can receive locksmith services to gain access to your home. Home lockout service is reserved for a Plus Premier member's primary residence only and excludes all other buildings or locked areas. The service provides up to \$100 for the cost of re-keying, changing locks or making a new key only when the lock must be drilled to gain entry to the home or if keys are lost or stolen. Any charges in excess of \$100, as well as all charges associated with any other residential locksmith services, are at the expense of the Plus Premier member.

Home lockout service is limited to one usage per Plus Premier member, per membership year. Home lockout service is not transferable to any other person. The Plus Premier member must be present at the time of service. Identification and proof of residence is required. In the case of rental property, approval of the property owner may be required. Service is subject to provider availability, and if AAA Hoosier Motor Club cannot provide service, the member will be referred to a commercial locksmith and will be reimbursed for covered service up to \$100. Locksmith arrival time is based upon locksmith availability.

- **Towing Service** - AAA will provide one tow per disablement. If the member requests to have the

vehicle towed, AAA will provide for the first three (3) miles. Additional mileage is to be paid by the member at the time of service. Tows back to the responding service providers' facility for repairs are at no charge. AAA cannot guarantee the immediate availability of flatbed equipment or that facilities are available for mechanical repair. AAA cannot be responsible for taxi service as there are other members also waiting for service. If the requested tow is a result of an accident, all police reports must be completed before towing. If any special equipment, more than one truck or more than one person is required, the associated cost may be at the member's expense. (Expenses to the member for an additional truck or service representative will be at the rate of \$10 per quarter hour after the first 30 minutes on scene.)

Long distance tows may require preparation and scheduling. AAA's intent is to provide service with the safest and most appropriate equipment. Prior to an existing breakdown, members MUST have purchased PLUS coverage 72 hours in advance in order to receive up to 100 miles of towing. Premier members must have purchased coverage 72 hours in advance in order to receive up to one (1) 200 mile tow per household.

Plus: extends your basic coverage to include free towing up to 100 miles to the destination of the member's choice from the point of disablement.

Plus RV: extends coverage to a motor home, travel trailer, camper trailer, motorcycle and truck with camper that is manufactured for that purpose. Reimbursement per occurrence is at commercial rates for covered service when a AAA ERS RV contractor is not available.

Plus Premier: extends Plus coverage to include one free tow up to 200 miles, per household per membership year to the destination of the member's choice from the point of disablement.

- **Emergency Breakdown Hertz Car Rental Discount - Plus Premier** members whose vehicles are inoperable after receiving towing service from AAA for non-collision related events in the United States or Canada, are eligible* through Hertz, AAA's preferred rental car provider, for one free rental day at

participating Hertz locations per household per membership year. *Standard rental qualifications apply.*

Service must be arranged through AAA. The Plus Premier member is responsible for subsequent days' rental charges, upgrades, vehicle insurance, mileage and fuel charges, and any other charges, fees and taxes which may apply, and are not subject to discount. The car must be returned to rental pick-up location.

How to use: When you call us for roadside assistance, please inform AAA that you would like a Hertz rental car while your vehicle is being repaired. If you're unsure if you'll require a replacement vehicle, you may call AAA within 48 hours of your initial roadside assistance call to request your Hertz car rental.

- **Extrication Service** - A members' vehicle that has accidentally veered from a regularly-traveled road or driveway and can be safely reached with equipment normally available from the nearest AAA facility will be extricated. AAA will provide one service truck and one service person at the scene. If special equipment, more than one truck or more than one person is required, the associated cost may be at the members' expense. Expenses to the member for an additional truck/service representative will be at the rate of \$10 per quarter hour after the first 30 minutes on scene.

Plus, Plus RV & Premier: extends your basic coverage to provide, if necessary, a second service vehicle and personnel for one hour at the scene.

- **Emergency Repair Check Acceptance** - Cash and credit/debit cards are accepted as payment for emergency repairs and service by ERS contract facilities. If members find themselves without sufficient cash or credit/ debit cards, personal checks are accepted for the exact amount of the invoice up to \$250. A valid and current membership card must be presented in addition to other photo identification required by the facility.

This program covers only emergency repairs and service necessary to put a member's vehicle in safe operating condition. Included are Emergency Road Service, mechanical repairs and/ or necessary parts.

This service is only available from emergency road service facilities.

Please Note: Emergency Check Acceptance is not valid for the following: normal maintenance, such as oil change and lubrication or nonessential repairs that can be performed near the member's residence. AAA Hoosier Motor Club guarantees the member's check to the ERS facility. If the check is not honored by the bank on which it is drawn, AAA Hoosier Motor Club will reimburse the ERS facility and will collect all accrued charges from the member. If the member fails to make such a loss good, collection procedures will be instituted and membership will be subject to cancellation.

Plus Premier: extends Emergency Repair Check Acceptance benefit for the exact amount of the invoice up to \$250 for emergency repairs and service by ERS contract facilities.
